Remarks

1. All license prices are per-seat, subject to the terms of the AGF CharacterWorks EULA.
2. For each CharacterWorks Broadcast or CharacterWorks Designer purchase, a dongle must be purchased as the container for the license.
3. Defective dongles will be replaced by AGF subject to a replacement fee. However, AGF assumes no responsibility or liability for lost or stolen dongles.
   In the case of lost or stolen dongles, the software products must be repurchased.
4. During operation, license dongle must remain physically connected to the computer that runs the CharacterWorks software.
   Any unauthorized attempt to duplicate or tamper with license dongle is a criminal offense and is grounds for blacklisting of license dongle.
5. One unit of CharacterWorks 2024 Broadcast Upgrade must be purchased for each CharacterWorks 3.9 Broadcast license to be upgraded.
   CharacterWorks 3.9 Designer license upgrades are provided for free when at least one unit of CharacterWorks 2024 Broadcast Upgrade is purchased.
6. All items in the Additional Options section are available for purchase for both CharacterWorks 2024 and CharacterWorks 3.9.
7. Purchase of at least 1 unit of CharacterWorks 2024 Broadcast (incl. Upgrade) entitles the purchaser to receive support for 12 months starting from the date of purchase.
8. Designer license is intended for artists and content creators. Designer and Broadcast licenses are functionally equivalent except for output watermark.
9. Dual Channel Output Option and Videowall Options have higher recommended hardware specifications. Please contact AGF for details.
10. Bloomberg Access Option requires active BLPAPI data subscription.
11. Videowall Standard and Videowall Pro options do not support audio output.
12. Supported output resolutions and supported number of active live sources is dependent on CW host hardware capabilities and is not guaranteed.
13. Minor version number updates will be provided free-of-charge. Major version number upgrade prices will be determined on a per-release basis.
14. CharacterWorks 3.9 is considered an end-of-life product and only minor version number upgrades will be provided for this product line.

Ordering

To order, please send us an e-mail at *info@chrworks.com* to let us know which licenses and options you would like to order, along with your choice of payment method.
We will respond with the relevant information, invoice and/or payment links. Upon receipt of payment, we will ship any dongles (if purchased) and send activation instructions.
